How NOKIA uses Gerrit, Jenkins and Kubernetes in their daily routine

Today’s presentation

Miłosz Tyborowski - "CI with Gerrit and Jenkins in a way you would never imagine!"

- the story about the CI/CD with... Jenkins

Michał Wcisło - “K8s as a Service with Rancher”

- there is a **Linux Kernel**
  and then **Docker**
  and then **K8s Cluster**
  and then **K8s Rancher**
  and then…
  how to deploy the software better with it

Enjoy...
