Next Meetup: January 2017

We need your DevOps presentation!

Next Meetup: January 2017

We need sponsors.

Today's presentations

Maciej Lasyk - systemd primer: bin, unit-files, nspawn, journald and sd-notify for systemd application integration

The short version of the workshop about systemd...

“The main goal of this workshop is to introduce various aspects of systemd to all of you who haven't used it extensively yet.” [[systemd-workshop](#)]

Let's start!!!
